THE PRESIDENT'S LETTER

AN URGENT MESSAGE

Subject: HR 7762

CLOSING CENSUS RECORDS TO PUBLIC

Dear Members,

It has come to our attention that there is a bill in Congress to close all census records to the public. There also seems to be an amendment to allow the 1900 census to be examined by certified genealogists and historians.

It I sound confused, it is because I am. The wording of the bill is confusing and appears to contradict itself. Even my senator and representative gave different interpretations of the bill. We are still trying to find out more about the matter, but in the meantime, we urge all of you to WRITE TO YOUR CONGRESSMEN in protest of any possible closing of the pre-1900 censuses and of limiting access to certified genealogists. Ask for copies of HR 7762 and No. 93-246, and read for yourself.

ACT NOW. TOMORROW MAY BE TOO LATE!

The following are the main paragraphs from my letter of protest, which express my feelings on the matter.

"The startling and appalling news that there are bills pending in Congress to close the pre-1900 censuses to the public has just reached me. This is utterly ridiculous! I can well understand withholding census information until after the lifetime of the people contained in it, but it makes no sense to close records that have been open to the public for a long period of time as these have been. Most of it is on microfilm in major libraries all over the country, and much of it is in print. Does Congress intend to confiscate all these copies? Are we to have book-burnings as Hitler's Germany did?

"Genealogy is one of the foremost hobbies of Americans, and most prefer to 'do it themselves', for it is in this that the challenge and pleasure lies. Most are not looking for illustrious ancestors, but are searching for their American heritage and history. The famous American Spirit has already been dragging its tail in the past few decades. Are we to stamp it out altogether? What better way is there to inspire loyalty and patriotism than to study the role our ancestors played in building our country?

"The words 'certified genealogist'....disturb me. There are many, many genealogists equally as competent who are not certified because they have no desire to make money from genealogy; so certification would serve them no purpose. Why should the censuses be available to those who wish to make money from it and closed to those who don't?....."

Your president,

*Betty H. Moore*

Mrs. Henry Norfleet Moore

P.S. My soapbox took most of my space, but I do want to say that our Kentucky Seminar was quite successful. Everyone seemed to enjoy Mr. Hinds' talk. The best part was seeing all you out-of-town people again and meeting a few new ones.

NOTES FROM THE EDITOR'S DESK

Our book review section is rather brief this month, due to the illness of our faithful reviewer, HERMAN L. BOGAN. Illness also has eliminated from this issue THE FILE BOX column, written by Associate Editor JERRY BLAIR. Best wishes to both for quick recoveries and returns to the pages of "ANSEARCHIN".

The Society regrets the resignation of MRS. H. H. SHUMAKER, who has done a wonderful job of keeping the Society's scrapbook. Heartfelt thanks to Mrs. Shumaker for her competent performance of this work and unflagging interest in the Society. She promises to help whenever possible.

**KALEIDOSCOPIIC FAMILY, BASS 1769-1971. DESCENDANTS OF TWO BROTHERS, PETER AND LAWRENCE BASS.** Mrs. J. M. Wood, Jr. (Christine), compiler and editor (1971). Soft cover, over 183 pages, indexed. Order from Mrs. J. M. Wood, Jr., 2410 47th St., Lubbock, Texas 79412. \$9.00.

The Bass family of Missouri originated in the persons of two brothers, Peter and Lawrence Bass, who were born in Baltimore, Maryland (1769-1780). Both died in Missouri. The story of these two men and their descendants is thrillingly told in **KALEIDOSCOPIIC FAMILY**. This was a Southern family, and most of them were for the Confederacy. The stories and lives of these people are those of the early settlement of the upper South (Va., Ky., Tenn. and Mo.), and are of undying interest. Very much genealogical information is found here.

**GIRLS CHRISTIAN NAMES, THEIR HISTORY, MEANING AND ASSOCIATION** by Helena Swan (1973). Hard cover, over 516 pages, indexed. Order from Charles E. Tuttle Company, Rutland, Vermont 65701. \$5.50.

Do you have, or have you had a baby girl in your home? If not, you have been fortunate enough to have a sister, and, of course, your mother will be of precious memory to you. Their names -- where did they get them and what do the names mean? This little dictionary and history will be a delight to you. Perhaps you will be in need of a name for a little girl -- your little girl? Then for a small price you can put this wonderful publication in your home. It is an excellent and well done little book.

**1850 U. S. CENSUS, COLUMBIA COUNTY, GEORGIA** by Mrs. W. D. Theim (1969). Soft cover, over 77 pages, indexed. Order from Mrs. W. D. Theim, Route 3, Box 142-A, San Angelo, Texas 76901. \$6.50.

This is an excellent publication, and has an important place in the records of Georgia. Richmond County (Augusta is the county seat) is the mother county from which Columbia was formed Dec. 19, 1790. Richmond County was formed in 1777 from St. Paul's Parish. The Creek Indians ceded the territory to the colony of Georgia on May 20, 1733. St. Paul's Parish, Richmond County, Columbia County, and Augusta, Georgia, are rich in genealogical information, and almost everyone who went to Georgia and on south and west passed through these points. The work is well done.

**1850 CENSUS, LAWRENCE COUNTY, TENNESSEE, INCLUDING SOME OTHER EARLY RECORDS** by Marymaud Killen Carter and Joan Coffey Hudgins (1973). Soft cover, over 164 pages, indexed. Order from C & H, 221 Admiral Circle, Lawrenceburg, Tennessee 38464. \$10.50.

The book is a genealogical composite of several sources of information about early Lawrence County, Tennessee. In addition to the 1850 census of the county, there are found: "Field Calls for First Civil Districts, Lawrence County, Tennessee"; 1800 census; 1818 list of taxables, polls and census; 1820 census; some marriages prior to 1838. Each item has a separate index. The publication is very well done, and a valuable contribution to Tennessee genealogy.

Note from contributor: Thomas Springfield is believed to be the son of Thomas and Dicey (Langston) Springfield of Edgecombe, North Carolina. He brought his family to Denmark, Tennessee, in 1836, settling on a plantation there. Known marriages of his children are: Sarah m. Maj. R. D. Cross; Elizabeth m. F. B. Ragland; Charity m. Thomas Jefferson Neely. The Springfields were not a numerous family, but there were many Langstons in N. C. before 1800. Dicey, dau. of Solomon Langston, lived near Greenville, S. C. during the Revolution. G.P.R.

# ANCESTORS ARE WHERE YOU FIND THEM

From THE MEMPHIS COMMERCIAL APPEAL, April 20, 1973, page 21:

Sam McCorkle came to Holly Springs, Miss., from Paris, Tenn., as a federal land commissioner, bought land from the Indians and sold it to settlers. In 1836, he bought a block of land on which he built a house now called "Crump Place". (E. H. Crump, long-time political "boss" of Memphis, lived there from 12 to 19 years of age.) Sam McCorkle's descendants owned the house until 1962.
